To Our Valued Customers:

It has been brought to our attention that rumors are spreading that our company is or has filed for Chapter 11 bankruptcy protection.

THIS IS SIMPLY FALSE. No such legal action has been taken.

The truth and facts - We are internally re-structuring our company to better serve our customers and improve efficiencies, like any other company in the world.

Any questions or concerns, please contact me or our General Manager directly.

Warmest regards,

Bud Clark
Vice-President
